Have you heard about the [Mówish Mash](#) cafe in Jeżyce? This is where the first eclairs were born. They became so popular and appreciated that they had to find a new home. It was the premises at 1 Kościelna Street, which experienced a real siege from the opening day. In Ekler we will eat... eclairs. Only Eclairs. But these are the best in town! Delicious, crisp, colorful and refined in every detail. These are small, addictive works of art ☐☐☐
