

WakePlace - a wakeboarding center in Šrem

WakePlace is a venue created for both beginners and experienced wakeboarders. This relatively new sport is essentially skateboarding on water.

WakePlace in Šrem is based on the perfect lift - the 2.0 System. It offers a 150-meter path, along which there is a large kicker and a 13-meter slider.

WakePlace is located at the municipal beach in Šrem - a guarded swimming area where deck chairs, a beach bar, water bikes and kayaks complement every wakeboarding experience.
