

Tor “Poznań” racing track

The only sports and recreational facility of this sort in Poland.

The track is designed and suited for hosting motor- and car races as well as various trainings in driving skills. A karting track - the so-called “small track” - is also part of the facility. The Tor Poznań track has the European UEM and the world FIA approvals, which allow the organization of topflight motor and car races.

Tor Poznań racing track is open to all wishing to start or continue their adventure with fast driving on a professional racing track. Under the watchful eye of experienced instructors, in a safe environment you can have your first experiences or hone your driving skills.
