

Papierówka Restaurant

Papierówka restaurant is a green escape in the middle of the city, where you can relish a light regional cuisine, with seasonal additions, take a rest in the shadow of Zakrzewski park and gorge yourself on juicy apples.

We are a family and our passion has for years been to cook for others. And we prepare our dishes from choice products from local farms. We start as early as 9:00 am with delicious breakfasts which will boost you for the whole day. Feel also invited to lunches and dinners. Papierówka means not only savory dishes but also great design inside: simple, fresh and friendly, right on the doorstep help yourself to an apple and start your adventure with Pa-pierówka (which derives its name from a variety of early apples).
