

Oak Trees of Rogalin

Rogalin Landscape Park is famous for its magnificent oak trees - nearly two thousand of them, in fact, with many classified as nature monuments.

The most famous of them are Lech (6.33m in girth), Czech (7.35m in girth, unfortunately dead since 1992) and Rus (9.15m in girth, currently the thickest of all the Rogalin oak-wood forest), as well as Oak Edward (6.18m in girth). They grow near the Rogalin Palace, in the picturesque scenery of the naturalistic landscape park.
