

New Zoo

The New Zoo with an area of 116.33 ha. Its biggest attraction is a modern elephant house. The small vehicles in the Zoo make sightseeing easier.

Animals here live in conditions as close to natural as possible. To see nearly 2 thousand animals, the visitor can use three marked routes. In 2009, the Elephant House was opened, and in 2013, brown bears took up residence in Poznań.

A number of trains go around the zoo, making the long walks lot easier for children and the elderly.

There is also a 19th century fort within the zoo grounds, which has been made visitor accessible.
