

# 12 Sports Bar & Restaurant

In addition to food, what does a real sports fan need in a restaurant? The near vicinity of the Stadium Poznań, 200 seats and 12 TV screens on 400 square meters should be enough to quench the thirst for sport emotion.

12 Sports Bar & Restaurant is a spacious restaurant, located conveniently under the third grandstand of the Stadium Poznań. On the menu there is a wide selection of soups, pastas, meat dishes and salads. The dessert menu also has plenty to choose from, each item accompanied by tea, coffee or soft drinks. Among the selection of beers there is the local Lech Pils, and the wine enthusiasts will appreciate the possibility of trying various wines by the glass. The specialite de la maison are the meat dishes - steak tartare, carpaccio, hamburgers and beef tenderloin. These menu items have their many devotees, and are especially popular among the restaurant patrons.

On match days and during sports broadcasts, booking a table in advance is something worth considering - this will allow you to comfortably enjoy the games on any of the twelve 47'' TV screens, located in various places in the whole establishment. At full capacity, the restaurant can fit up to 250 people. 12 Sports Bar & Restaurant offers easily accessible WiFi connection, as well as a foosball table and a kiddie corner. What is interesting is the fact that the restaurant is pet-friendly, and will gladly welcome you with your dog. The large, free stadium parking facilities are also at the restaurant patrons' disposal (apart from match days), and parking even a few cars or coaches is no problem at all.
