

Sarbinowska Summer Stage

Summer is coming! Here we give you some events (including live music) in the restaurant Sarbinowska!

Scena letnia w Sarbinowskiej (eng. *Summer Stage in Sarbinowska*) is a series of cultural and music events. They already started on June 6th but no worries! They last until the end of Septemeber 2020. Live concerts by foreign artists such as Martin Stempel and his original *Tribute to Frank Sinatra*, concert of movie scores by Sophi Bicking, outdoor cinema, chillout zone with DJ, wine tasting, bartender shows, themed weeks, animations and workshops for children are only part of the events and attractions that Sarbinowska prepared inside their walls as well as on the terraces surrounding the building. The aim of the event is to allow everyone to plan a longer stay in Poznań and get a bit of taste of spots outside the good old Old Town, together with live music and culinary experiences.

The biggest event there is going to be the exclusive and original concert of film music from Hans Zimmer that will happen on September 5th. Details soon.
