

Documentation of the medical establishment and control of a payer Conference in Poznań

The Greater Poland Cancer Center invites you to the National Conference entitled "Documentation of the medical establishment and control of a payer", which will be held on 15 and 16 December 2016.

The event aims to exchange experiences between payers, invited from the central and local branches of the National Health Fund, the providers of the leading cancer centers and referees. 2-day conference will bring together approx. 100 people. The conference program consists of three thematic blocks: for payers, providers and arbitrators. Detailed information can be found on the conference website: www.wco.pl/dm2016.
