The banks of the Warta came to life. Many cafes, bars and picnic fields have appeared in the floodplains along the banks of the river. The most impressive project is undoubtedly Klub na Fali Poznań - Club & Lounge & Restaurant. A well-thought-out space with efficient gastronomic and sanitary facilities guarantees efficient service and comfort. The offer includes pizzas and pastas, ice cream, drinks and a large selection of cocktails. Pastel colors and white fine sand complete the picture of the perfect holiday location for a lazy afternoon or a dance evening. Great idea and great organization!
