

# For gourmands

Who among us does not look back fondly at the carefree years of our childhoods? Now, thanks to the new trend of handmade candy manufacturing in Poznań, both residents and tourists have a unique opportunity to taste the sweet flavours of their childhood once again. All those with a sweet tooth should wait no longer and visit Poznań's many handmade candy manufactories, which produce traditional and healthy sweets.

## Museum of Chocolate

Museum presents history of chocolate - from the grain to the complete bar. Your visit there will be a journey through Africa and its plantations. You'll learn how chocolate arrived to Europe and how the tradition of this treat changed throughout the history. During the tour you'll taste Belgian chocolates with no limits. You can also participate in workshops and make your own unique bar of chocolate. Approximate time of a visit: around 50 minutes.
